Sunflower Systems is Premier Sponsor of Federal Property Workshop

ARLINGTON, VA – Sunflower Systems®, the leader in enterprise asset management software and solutions, announced they were the premier sponsor of the National Property Management Association (NPMA) 2016 Federal Property Workshop. The NPMA Federal Center Chapter hosted a one-day, Federal Property Workshop February 23, 2016 at the Key Bridge Holiday Inn in Rosslyn, VA.

The workshop featured leaders in federal asset management covering a variety of topics including, but not limited to: Public Policy on Asset Management; Fleet Management; Warehouse Management; Managing Animals as Assets and an update on GSA Regulations and Bulletins.

The Federal Center Chapter (FCC) is the largest chapter of NPMA, representing 10% of its total membership. The FCC is comprised of property professionals in federal, state and local government, contractors, and the private sector.

About Sunflower Systems

Sunflower Systems is an enterprise asset management solutions company specializing in the deployment of software tools and business processes to simplify lifecycle asset management tasks. Sunflower's portfolio of solutions enables organizations to improve decision-making, accountability and regulatory compliance for all types of assets including personal property, real property, IT assets, materials, vehicles and more. Sunflower Systems offers a wide range of services including software implementation, training, consulting and operational support. Sunflower Systems has been serving the property management needs of federal government agencies, universities, government contractors and national laboratories since 1997. The company has offices in San Ramon, California and Arlington, Virginia. For more information, please call 866-209-3516 or visit our website at sunflowersystems.com.
