Sunflower Systems Sunflower Mobile 5.1.0.0

ARLINGTON, VA – Sunflower Systems®, the leader in enterprise asset management software and solutions, announced the release of Mobile 5.1.0.0. The Sunflower Mobile 5.1.0.0 release contains updates to the Sunflower SynkLink and MobileTrak applications. Patch 50000010, also released, is the pre-requisite for Sunflower Mobile 5.1.0.0.

Release highlights for Mobile 5.1.0.0 include: Functionality added to support catalog type; New, more user-friendly, application installers for MobileTrak and ExcessTrak.

Sunflower Mobile 5.1.0.0 is available for download from the Customer Care Support Center (CCSC).

About Sunflower Systems

Sunflower Systems is an enterprise asset management solutions company specializing in the deployment of software tools and business processes to simplify lifecycle asset management tasks. Sunflower's portfolio of solutions enables organizations to improve decision-making, accountability and regulatory compliance for all types of assets including personal property, real property, IT assets, materials, vehicles and more. Sunflower Systems offers a wide range of services including software implementation, training, consulting and operational support. Sunflower Systems has been serving the property management needs of federal government agencies, universities, government contractors and national laboratories since 1997. The company has offices in San Ramon, California and Arlington, Virginia. For more information, please call 866-209-3516 or visit our website at sunflowersystems.com.
