Danielle Lyons elected President, LA Chapter for NPMA

ARLINGTON, VA – Sunflower Systems®, the leader in enterprise asset management software and solutions, announces that Danielle Lyons, Area Lead, has been elected President of the Los Angeles Chapter for the National Property Management Association (NPMA). NPMA is the leading membership association for personal property and fixed-asset professionals.

The Los Angeles Chapter of NPMA is one of the largest and meets monthly in the El Segundo/Redondo Beach area. In addition to meetings and events, the Chapter also offers periodic training courses to help members prepare for certification training.

About Danielle Lyons

Danielle Lyons, CPPS, is an Area Lead with Sunflower Systems, Inc. where she works with various clients on new implementations, on-going support services, and policy and procedure review and development. Throughout an implementation, she works on requirements gathering, design, documentation and client training. In addition to client work, Danielle also assists with design and testing of Sunflower Mobile Asset Manager and provides design support to the marketing department.

About Sunflower Systems

Sunflower Systems is an enterprise asset management solutions company specializing in the deployment of software tools and business processes to simplify lifecycle asset management tasks. Sunflower's portfolio of solutions enables organizations to improve decision-making, accountability and regulatory compliance for all types of assets including personal property, real property, IT assets, materials, vehicles and more. Sunflower Systems offers a wide range of services including software implementation, training, consulting and operational support. Sunflower Systems has been serving the property management needs of federal government agencies, universities, government contractors and national laboratories since 1997. The company has offices in San Ramon, California and Arlington, Virginia. For more information, please call 866-209-3516 or visit our website at sunflowersystems.com.
