Contract Property Seminar

Property Management Going Green

The NOVA Chapter of the NPMA invites you to learn about the latest challenges in property management from key leaders in the industry and discover how to turn property management “green” in your organization.

The NOVA Chapter has a great preliminary agenda including the following topics with more to come:

- Green Property Management
- Technology and Property Management
- NPMA Updates
- ASTM Standards
- FAR and Contract Property Issues
- EPA Green Team
- Collaborative Asset Management
- Natural Capitalism
- Real World Status of Changes in Property Management
- Software Systems and Sharing Property Data
- Audits and Self Assessments
